TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

- Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
- Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. If any of above boxes 1. to 4. are checked, the correction required is only the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Notice of Non-Compliant Amendment (37 CFR 1.121)

Continuation of 4(e) Other: Applicant's amendments fail to comply with 37 CFR 1.121(c)(2) insofar as Applicant has failed to submit a listing of the claims with markings to indicate the changes made relative to the immediate prior version of the claims. Upon a cursory examination of the claims, the Examiner observed changes made to at least claims 43 and 48 which were not appropriately marked. Within each of these claims Applicant has newly added punctuation without the necessary markup. The Examiner is unsure whether these additions/deletions were in fact intentional or were merely inadvertent and as such is unable to ascertain the scope of Applicant's claims. Applicant is encouraged to examine the claims in their entirety in order to correct any remaining issues that might result in a finding of noncompliance. Furthermore, while claim 21 includes a status identifier of "previously presented" there appears underlining within the claim, suggesting that Applicant may have in fact intend for the claim to be amended.
